South-East Long Beach Community Planning Bulletin

City of Long Beach ■ Department of Planning and Building
Community and Environmental Planning Division

www.longbeach.gov/plan/pb/cpd

The City of Long Beach is divided into five planning areas with a Community Planner assigned to each geographic area. This monthly bulletin is compiled by your community planner as a forum to update citizens on new developments and neighborhood issues as a way of keeping citizens involved in the planning process. Please contact Mercedes McLemore, South East Long Beach Community Planner, at (562) 570-6439 or via email at Mercedes.McLemore@longbeach.gov if you have questions about this bulletin.

This bulletin is also available on the Internet at:

ANNOUNCEMENTS

42. GENERAL PLAN UPDATE (GPU) – PHASE II BEGINS

The City of Long Beach began a project a year and a half ago to update the General Plan. The General Plan provides the roadmap for the City's growth and development over the next 20 to 25 years. A General Plan reflects the community's vision through goals and policies that are implemented through strategic plans, land use plans, design guidelines, and zoning regulations.

The General Plan helps shape how the City will change over time. How will neighborhoods change, will there be new shopping areas, should there be mixed use development along major streets, what type of jobs and businesses will exist, what will future buildings look like, how will people move around throughout the City, what kind of streets, sidewalks and landscaping will there be, and most important, how will Long Beach continue to be a great place to live, work and play.

The first phase of the General Plan update is complete. Community Cluster Advisory Teams, made up of individuals from five Community Planning Areas came together to provide input and identify issues. Not surprisingly, these geographic groups identified many of the same issues and concerns.

Phase II of the General Plan update will kick-off in March 2006. During this process it will be important for the community to develop a shared vision for the future in Long Beach. There will be a creative and comprehensive public outreach program to shape the vision. If you have ideas about the various ways we can reach the widest possible audience, please tell us. We are interested in reaching out to faith-based groups, neighborhood watch, community organizations and other public gatherings that would be good opportunities for public participation on the General Plan.

With your participation, we can shape a General Plan to reflect our shared values and vision, and provide a roadmap that takes Long Beach into the future.
